

## 4XUSB-A 120W cigarette lighter charger + 3 cigarette lighter sockets

### PREMIUM CHARGING STATION WITH A BATTERY'S VOLTAGE INDICATOR!

Do you want to simultaneously charge your Smartphone and your electronic devices in your vehicle while keeping your cigarette lighter socket accessible? This premium charging station is for you. Supplied with a removable base fitted with two 3M adhesive stickers, you can easily attach it to the place of your convenience. Its 3 cigarette lighter inputs support devices that require a lot of power (up to 8.5A shared). Its 4 USB ports, including a QC 3.0 (ultra-fast charge), allow optimized charging of your Smartphone and your electronic devices. The LED ON/OFF buttons located on the cigarette lighter connectors allow the chargers to be switched off, without having to plug in the station. This allows you, among other things, to preserve the battery of your vehicle. In addition, the charging station is equipped with a screen located on its cigarette lighter charger. The latter displays the voltage of your battery and will warn you if its level is critical. Let yourself be seduced by its range of features.
