

# QUICK CHARGE 2XUSB-A 30W EMERGENCY CALL CAR CHARGER

IN CASE OF EMERGENCY, CALLS YOUR CONTACTS AND SHARE YOU GPS LOCATION

Discover the first smart car charger, equipped with an emergency contact system.

Made with an accelerometer and a SOS button, our car charger send a Bluetooth signal to your smartphone which will automatically alerts your pre-selected contacts by email, message and phone call. More than just a car charger, the CACSAFE is our journeys' safety asset.

Indeed, in case of an accident or emergency reported by the SOS button, the device will forward your GPS location and updat it every minutes. The CACSAFE is also able to record the ambient noises thanks to your smartphone's mic and then share them to your contacts. Moreover, the car charger has been provided with an internal battery that ensures it's proper functioning even during a engine failure.

The CACSAFE won't stop surprising you thanks to it's 2 USB ports including a QC 3.0, capable of charging your smartphone up to 70% faster than a classical car charger.

**Emergency call system and ultra fast charge (QC 3.0)**
