FLOW Bluetooth headphone black with active noise cancelling

FREE YOUR FLOW TO THE RYTHM OF THE MUSIC

Discover FLOW, the range built and designed to respond to your deepest musical

This headphone is a concentrate of technologies associated with a trendy and discreet style thanks to its shiny finishes on the pads.

The circum-aural shape of its pads gives this headphone a trendy but also very comfortable style. It is equipped with ultra encompassing foams and a padded

headband, to offer you excellence in listening comfort.

The headset is foldable and adjustable, and has two connectivities: Bluetooth 5.0 and 3.5 mm jack. It also comes with a jack to USB-C adapter, so you can listen to your music with any device!

The FLOW headphone guarantees you unparalleled comfort; for an ever deeper sound experience: feel all the nuances and rhythms of the music!
