

Smartphon - Smartphone connectors - Lightning® connectors

Lightning to USB-C 180° gaming cable

KEEP PLAYING WHILE CHARGING YOUR SMARTPHONE

Benefit from your multimedia and gaming content on your smartphone with easy access.

With its 180-degree connector even when your phone is charging, the cable no longer bothers you when using your smartphone. You can now watch your videos or play for hours.

You are no longer limited by your battery.

Its ideal length of 2 meters allows you to remain at a comfortable distance from a power outlet, on your couch, in your bed or even in the back seat of a car.

The connectors are reinforced plastic which allows intensive use of the cable without the risk of breakage.

The cable allows quick charging of up to 60W (iPhone 12 compatible), enough to charge your iPhone in a flash.

It also allows the transfer of high-speed data.

USB/Lightning cable for charging and synchronising with Apple license®:
