Premium 15W wireless car charger with suction cup and air vent grid jaw holder

THE FACT WIRELESS CHARGE IN A COMPACT HOLDER !

Charge your smartphone very easily thanks to this 3 in 1 automatic car holder + wireless charger designed for car/truck use.

Place your smartphone on the holder, the wireless charge will activate automatically with the compatible Smartphones*.

The 1 USB QC3.0 car charger provided allow to charge wirelessly in turbo charge 15W. This charging holder works with a Type-C USB cable connected to a cigar-lighter charger (both cable and USB charger are included).

The built-in capacitor will allow you to open/close the holder once the car is off. This holder is suitable to any type of vehicle thanks to the multi-surface suction cup (windscreen and dashboard) and air vent grid adaptor. The holder will fit smartphones up to 7". The rotary head will allow you to use your smartphone on either landscape or portrait mode.

* The wireless charging technology is compatible with smartphone fitted with wireless receiver module or any wireless charging case.
