

# PREMIUM 10W WIRELESS CAR CHARGER WITH SUCTION CUP JAW HOLDER

THE AUTOMATIC OPENING AND WIRELESS CHARGE IN A SINGLE MOUNT!

Charge your smartphone very easily thanks to this 2 in 1 automatic car holder + wireless charger designed for car/truck use.

Place your smartphone in front on the infrared sensor to open the holder, it will close automatically once your device is positioned. The wireless charge will activate automatically with the compatible Smartphones\*. The car charger 2 USB : QC3.0 and 2.4A, provided allow to charge wirelessly in 5W (standard charge) or 10W (fast charge) depending on your device compatibility\*. This charging holder works with a micro USB cable connected to a cigar-lighter charger (both cable and USB charger are included).

This holder is suitable to any type of vehicle thanks to the multi-surface suction pad (Windscreen & Dashboard). You can adjust the holder to your smartphone shape and size with a telescopic stand you can activate thanks to the button at the back of the holder (compatible up 6 inches). The rotative head will allow to use your smartphone on either landscape or portrait mode.

\* The wireless charging technology is compatible with smartphone fitted with wireless receiver module or any wireless charging case.

**Standard Wireless charging (5W) or Fast wireless charging (10W)**
