

### FEELINGS In-Ear Headphones with built-in universal microphone

Designed in ceramic for the better acoustics with perfectly adjusted highs, and giving you a sensation of sound isolation of the external noises, these new earphones of the range FEELINGS will be able to attract all the sound lovers.

Featuring 8mm dynamic Nedoyme magnets, perfectly balanced between bass and treble, and equipped with a universal microphone to be able to take a call directly without having to manipulate its smartphone, these headphones will allow you to enjoy your playlist Musical.

The flat cable (anti-node) and the elbow plug 3.5mm guarantee optimized comfort of use.

The FEELINGS headphones: the must-have of all music lovers.
