

Bidirectional 2 x HDMI switch

SWITCH YOUR HDMI 2-WAY!

2-port HDMI 4K 2-way switch by T'nB

The switch function allows you to switch two HDMI UHD sources to an UHD screen or projector. The bidirectional function allows you to distribute an HDMI UHD source to two screens or projectors (not synchronously).

The HDMI2IN1 adopts an integrated IC function to significantly reduce power consumption. To work with more versatility, the device uses energy from the HDMI input ports. This is an advantage, especially in rooms where access to electrical outlets is limited.

2.0 Version

Supports HDCP 2.2

BOX CONTENTS

Characteristics

Ref.: HDMI2IN1

3 303170 098387

Packing: 6
 Net weight (g): 71
 Weight with packaging (g): 142
