USB omnidirectional microphone -**INFLUENCE**

CAPTIVATE YOUR AUDIENCE WITH A HIGH QUALITY MICROPHONE

As in a real recording studio, the condenser technology makes it possible to record vocals and musical instruments clearly.

The 150cm USB cable allows you a great flexibility in your set-up.

Very simple to use, just plug it in and start recording in no time. The omnidirectional microphone with its pop filter captures sounds at 360° while reducing distrubing noises.

Suitable for live performances, streaming sessions or for your recordings, this USB condenser studio microphone is the perfect companion for streaming.

BOX CONTENTS
