

## 4K WIFI SPORT CAMERA

YOUR BEST ALLY DURING YOUR ACTIVITIES.

Whether you are on a wave or in free-fall at 3500 meters above the ground, this 4K Wi-Fi sport camera will be able to accompany you during all your adventures.

Thanks to its 4K resolution, its 16 megapixels CMOS, its 170° wide-angle and its card reader for micro SD, this Wi-Fi pocket-size camera allows you to easily capture in optimum quality your sporting performances via videos and photos. Note the presence of a 2-inch screen that makes navigation comfortable and intuitive.

Moreover, it is possible to take control of the camera remotely downloading the « T'nB Cam » application on your smartphone or on your tablet. Developed for the high-level athletes and for the lovers of intense emotions, it includes 15 accessories including a waterproof case up to 60 meters and various holding devices : this connected camera will provide a different way of looking at your outdoor activities.

**Shoot your most extreme sports moments in HD quality**
