

U lock - EN15496 standard

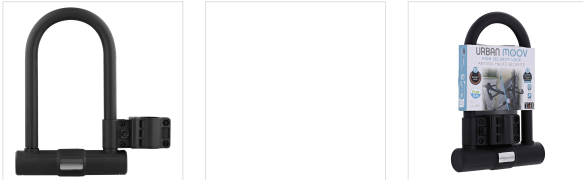

ENSURE THE SAFETY OF YOUR BIKE / E-SCOOTER

Secure your bike or scooter with our ultra strong and resistant U-lock, certified by standard EN15496.
 The EN15496 standard is an official European approval attesting the resistance, safety and functionality of anti-theft devices intended for cycles.
 The U-lock offers an interior space large enough to hang the frame of your bike or the tube of your scooter together on a pole or any type of street furniture.
 Its 2 cm wide handle ensures the safety of your vehicle.
 Use the bicycle frame holder to ease the transport of the lock on the go, and to always have it within reach.
